

SPRINT 1 REVIEW & SPRINT 2 MEETING WITH CLIENT

16 APRIL 2021 / 09:30 AM - 10:30 AM / GOOGLE MEET

Attendees

Rylan Perumal, Kananelo Mokoko, Phindulo Makhado, Sibabalo Luqhide, Musa Mofomate, Mayibongwe Bafoly, Olwethu Goniwe, Lethokuhle Dubula

Absentee

Khanani Mathebula

Agenda

New Business

1. Sprint 1 review
2. Sprint 2 product backlog refinement

Notes

- Rylan suggested that to make the process easier and the meetings more effective, there should be a video recording of how the app works. He also added that we should be prepared to present our work, with all the resources required made available.
- Move unaccomplished user stories to Sprint 2
- The Doctor's side of the booking system will be moved to the product backlog.
 - Items included are viewing a new booking, accepting/rejecting that booking among others

Action Items

1. Sprint 1 review

- a. For the first sprint, we used *flutter* and *firebase realtime database*, so the client got to know the user stories that were accomplished:

- User login, Patient Registration

2. Sprint 2 product backlog refinement

- a. Patient's user details within the Doctor's homepage

- Doctor must be able to see each patient's details that they have treated
 - (I would like this to be clearly specified in the group what that means (like onscreen appearance requirements), by making use of diagrams, if possible)

- b. Booking System (focusing on patient):

- In the patient's homepage, the patient must have an option (button) to create a new booking. When they click on that button, they will be taken to a new booking screen/page.
- Select category i.e the area of specializations of the doctors (we have five), (using dropdown)
- Select doctors available in that specific category (using dropdown)
- Select the time and date by making use of calendar widget and clock widget
- Confirm booking. The patient will now see the newly created booking, and it will show the status as "pending", meaning the doctor has to confirm the appointment.

Next Meeting Agenda

- Next meeting to be held with Rylan is the Sprint 2 Review meeting, that will be held on the 7th of May 2021
- The next Sprint 2 Retrospective will be on the 10th of May 2021, with our tutor
