

KILLMONGERS CODE

SPRINT 2 PLANNING MEETING

27 April 2021 / 9:00AM - 10:00AM / Google Meet

ATTENDEES

Kananelo Mokoko, Mayibongwe Bafoly, Khanani Mathebula, Phindulo Makhado, Sibabalo Luqhida

ATTENDEES

Olwethu Goniwe, Lethokuhle Dubula, Musa Mofomate

AGENDA

Last Meeting Business

1. Sprint 2 user stories
 - a. Outlining the *new* user stories
 - b. Understanding what task(user stories) each member is responsible for
 - c. The time each member will devote to completing their tasks

New Business

1. Any other Business
 - a. Update on the app
 - b. Questions

NOTES

- Sprint 1 user stories that were moved to sprint 2 include:
 - Patient's registration, Patient's homepage, Doctor's homepage

- The subgroups will remain the same unless any member wants to change, they will make that information available.

ACTION ITEMS

1. Sprint 2 user stories

a. Outlining the *new* user stories

- Patient's details in doctor's homepage
- Booking System (focusing on patient):
 - In the patient's homepage, the patient must have an option (button) to create a new booking. When they click on that button, they will be taken to a new booking screen/page.
 - Select category i.e the area of specializations of the doctors (we have five), (using dropdown)
 - Select doctors available in that specific category (using dropdown)
 - Select the time and date by making use of calendar widget and clock widget
 - Confirm booking. The patient will now see the newly created booking, and it will show the status as "pending", meaning the doctor has to confirm the appointment.

b. And c. to be discussed within each subgroup. Feedback to be given in the next scrum meeting i.e on the 27th of April 2021.

2. Any other Business

a. Update on the app

- Without going into too much detail, it's not working yet.

b. Questions

- Members can always ask in the group chat.

NEXT MEETING'S AGENDA

1. The daily scrum meeting that will be held on the 27th of April 2021, 20:00, will address the discussions of this meeting. We

will discuss the next steps that we will take, and monitor progress throughout the rest of the week.
